

# JAPANESE LANGUAGE & JAPAN JOB TRAINING

*A unit of*  
Akai Information Systems Ltd.

Akal Japanese Academy is a dedicated training Institution under AKAL Information Systems Ltd. The Academy focuses on imparting Japanese Language & Cultural training, pre-dispatch training programs and other skills related to candidates successful landing in Japan. The Academy also plays a key role in preparing engineers and other high skill job profiles which are in heavy demand in Japanese job market but get subdued because of LANGUAGE & CULTURAL BARRIERS between the two countries.
